Words cannot even begin to say what Im feeling. We had sooo many great times together and not only am I going to miss you as a great sister ,but a great friend. We laughed alot together when we spent time together, we let time get away from us and that cant be brought back. I have so many things with me that remind me of you and our time together that I will keep forever, like my set of china that you bought me when I got married. Michaela still has the patty doll that u asked her to always keep on her bed and she does!!!After Mom and Dad died you were always there for me and I will never forget that. Even though we let people get in between us, I always thought of you and loved you and smiled when I heard your name. No one can take my memories of our time together away. I know that your happy now up there in heaven with Mom and Dad, Rest In peace !!!!! Love your lit Sis Marylynn##imported-begin##Marylynn Paris##imported-end##
