I have just received the news of Peter's passing. my heart goes out to the family and is now very heavy. peter was a great man and was very influential to me as a veterinarian. my involvement with ultrasound and the impact it has had on my patients over the years I owe to him. he was inspirational knowledgeable fair and a man I could call my friend. I and my patients owe him enormous gratitude for I could have not achieved the success in diagnostic ultrasound that I did without him. many many of my patients benefitted from his labs equipment teaching and guidance. I am so very very sad. may he rest in peace. dr. paul v. marino

What can I say? 😭😭😭 We are SO gonna miss you, big guy. 😞😞❤️ A truer and dearer friend hath no one. Truly, a tragedy of the greatest proportions. A tremendous hole has been blown in our universe. Walk in peace, Peter, and KNOW you are loved and remembered in high honor. You can take a breath and slow down a little now... maybe. 😊 May the Lord be with your family and friends, to comfort them in knowing you are safe in The Good Lord's hands, today. Remind them our great loss is only temporary... by God's grace, through Jesus Christ, those who are faithful will see you again... Soon... in Paradise. May THAT assurance be our comfort, as we grieve the absence of his immediate presence, in our lives. 🙏 His joy, his positivity, his "mile-a-minute" energy, his candor, his generosity, his loving manner, his encouragement, his humor, and his friendship was definitely my privilege to observe and receive. 😊😊😊😊😊
