“ Dianne what do I say? My best friend has been called to heaven and I am so lost. Wow memories, I don't know where to start. A favorite will always be one of the many time Gianna and I came to visit you in sea side. What a fun day we all had the beach, boardwalk and the Ferris wheel at night. Shopping for that life gaur's hoodie that Gianna still has and will always cherish because her aunt Dianne brought it for her. You will always be in our hearts. Until we meet again, Steph
